

Project Sheet

Air Starting System for Genset

Domain	Oil & Gas
Application	FPSO
Location	Angola
Equipment	Emergency Diesel Generator
Starting System	Primary source
Quantity	2

Features

- 6 x 5 sec cranking cycles capable
- SS316 piping and fittings
- Receivers: 2 x 500 L ASME U STAMPED and BV certified in SS316
- Compressor Gali 30 Nm³/h with type approval BV
- Package Bureau Veritas suitable
- Offshore painting 310 µm
- Fully integrated skid

Project Sheet

Hydraulic Starting System for Genset

Domain	Oil & Gas
Application	FPSO
Location	Angola
Equipment	Emergency Diesel Generator
Starting System	Back up
Quantity	2

Features

- 3 x 5 sec cranking cycles capable
- GALI hydraulic starter H25
- SS316 piping and fittings
- ASME U STAMPED and BV certified accumulators
- Package Bureau Veritas suitable
- Offshore painting 310 µm
- Fully integrated skid
