

Project Sheet

Hydraulic Starting System for Genset

Domain	Oil & Gas
Application	Offshore Platform
Location	Norway
Equipment	Emergency and Essential Diesel Generator
Engine	MTU 20V4000
Starting System	Primary source
Quantity	3

Features

- 3 x 5 sec cranking cycles capable
- SS316 piping and fittings
- Bottles ASME U STAMPED and NORSOK
- Junction boxes for pressure transmitters and solenoid valves
- Offshore, Norsok and ATEX suitable
- Offshore painting 310 µm
- Fully integrated skid
